Full-stack Developer with +3 years of experience in developing high-impact applications. I have worked under scrum methodologies, MVC Architecture, DDD, design patterns and best practices. I'm a self-taught enthusiast and passionate about algorithms and functional programming. I'm focused on building consistent interfaces and solid infrastructures, constantly seeking new challenges to push myself out of the box.

EXPERIENCE

Match, FullStack Developer — Oct, 2022 - Nov, 2023
